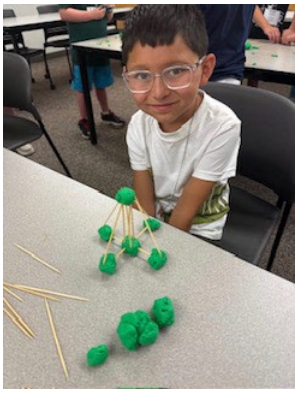
SEWARD COUNTY COMMUNITY COLLEGE

SEWARD COUNTY COMMUNITY COLLEGE presents…



Kids College 2026

Welcome to Kids College

Welcome to a world of imagination at Seward County Community College! We offer a week of quality enrichment opportunities, as well as academically stimulating courses at Kids College. Kids College runs from July 13 – 16, with 3 sessions: 8:00am - 9:15am, 9:30am - 10:45am, and 11:00am - 12:15pm.

Kids College is for students entering 1st through 8th grade. Check out all the new classes we have to offer. We know you will find something of interest for your child.

The instructors and staff are looking forward to being a part of your child's summer experiences. *Remember to register early since classes are limited and fill quickly.*

We want your child to have fun and stay safe. Because college is an adult environment, our trained staff will supervise your child at all times. Please help your child enjoy our program by following these guidelines:

Register Early

Kids College registration will be conducted in the Business & Industry office, located in the Industrial Technology Campus, T Building, 2215 N. Kansas. Please call the office 620.417.1170 between the hours of 7:45am – 4:45pm Monday – Friday. **Please notice summer hours starting Monday, May 18, 7:30am – 5:30pm Monday - Thursday**. Classes are offered on a first-registered, first-paid basis. ***All fees must be paid when registering.*** Fees are $25 per class.

Drop off and pick up point

All children will gather outside the Student Union 10 minutes before every class. ***Please do not drop your child off any earlier than 7:45 am.*** SCCC will not have adult supervision until then. Instructors will meet with the students, take them to class, and return with them after class ends. B&I staff will wait with your children as they are picked up from inside the Student Union. Children will not be allowed to walk to the parking lot without supervision. If you will be late in picking up your child, please call the B&I office at (620) 417-1173 to inform us of your arrival time. If you arrive late, you will find your child in the Student Union. Safety is important to us, and we cannot assume responsibility for your child beyond scheduled class and supervised times.

Safety/Security

Your child's safety is of the utmost importance to us. That is why we never let your child out of the sight of our teachers or staff. We ask that you never leave your child unattended while at SCCC. **Please do not ask your child to wait for you at the parking lot or another area on the SCCC campus to meet you other than the Student Union.**

Attendance

Students are expected to attend each class in which they are enrolled. They are to be in those

classes except during breaks. Parents should notify us in advance if a child will be absent. Class rolls will be taken daily, and parents will be contacted if there is an unaccounted absence.

Student conduct

Our policy requires that disruptive students leave the class. If necessary, we will call a parent to pick up the child immediately. If we ask you not to bring the child back to the class because of disruptive or threatening behavior, you will not receive a refund for the class.

Age-Appropriate

As you look through the schedule, you will see age-appropriate categories. Students must choose classes that include the grade level the child will be entering in the fall of 2026. The courses are designed to be age-specific and coincide with the socialization aspect of the program. Our instructors and administrators request that parents follow the age-appropriate guidelines listed for each class. We reserve the right to reassign your child to a grade appropriate class. Your cooperation is appreciated.

Pizza and Swim Party

On the last day, Kids College will host a pizza and swim party ONLY for students enrolled in the Kids College program for that week. The pizza party will begin immediately at 12:15 pm. The swim party follows and will end at 2:00 pm. Please send your child with a towel and swimsuit on Thursday, July 16. Swimsuits must be worn in the pool – no street clothes.

Refunds

A full refund, minus a $5 processing fee, will be made for registrations canceled on or before Monday, July 6. Refunds cannot be made for cancellations received after July 6.

The College expects all classes to be presented as scheduled. However, a class could be canceled due to low enrollment. A decision about cancellation is made the Thursday before the start date of the class. In the event that a class is canceled, every effort will be made to either place your child in another program of his/her choice or provide a full refund.

Class sizes are limited. Register early for best course selection!

PLEASE NOTE:
The SCCC staff leaves at 12:30pm so please pick up your child at 12:15pm.

Art & Crafts

Capturing the Moment

This class is about capturing the little moments. Students will learn how to use a camera, be creative, and take photos that show their perspective of the world.

4th – 8th grade | Abigail Hurtado

Hooked on Fun - Learn to Crochet

In this fun and beginner-friendly class, kids will learn the basics of crochet, from holding a hook to making simple stitches. They'll create their own small project—building creativity, patience, and hands-on skills along the way!

1st – 8th grade | Mackenzie Farmer

Scrap Happy

Memories meet creativity in this fun-filled Scrapbooking class! Kids will learn easy design techniques while creating one-of-a-kind pages full of personality and style.

1st – 8th grade | Amy Thompson

String Art

Explore turning string into something spectacular! In this fun and creative String Art class, kids will design colorful masterpieces using string, paper, tape, and lots of imagination. Perfect for young artists who love hands-on projects.

4th – 6th grade | Alison Moeller

The Ultimate Fidget & Bracelet Lab

Get ready to create, design, and have fun! Make your own fidget toys and friendship bracelets to keep, trade, and show off to your friends.

4th – 6th grade | Brooklyn Stevens

Watercolor Painting

Splash into creativity in our Watercolor Painting class! Kids will learn basic watercolor techniques while creating fun and unique pieces. Perfect for young artists who love to paint, explore, and express their imagination!

1st – 8th grade | Katie Frymire

Computers

Coding with Minecraft

This exciting course introduces students to the fundamentals of coding through the engaging and familiar world of Minecraft. Students will learn how to design, build, and automate within the game while developing valuable problem-solving and computational thinking skills.

4th – 8th grade | Bristol Bale

Competitive Video Gaming

Join this class to learn all about competitive gaming: Not only the games themselves, but also what it takes to be competitive in the scene. Learn communication and analysis of the games they play, too.

4th – 8th grade | Eric Volden

Food

Baking with Ms. Pulido

Learn basic baking skills in this hands-on class! Students will have fun following recipes, using measuring tools, and utilizing their senses to create – all while enjoying the process and of course, the delicious results!

1st – 3rd grade | Danna Pulido

Kids Kitchen

Whisk, mix, and create! In this hands-on cooking class, kids will learn kitchen basics and make tasty treats they can easily recreate in their own homes.

1st-8th grade | Krista Holcomb

Sweet Sips Tea Party

It's Tea Time! In this fun class you will learn about etiquette, decorate a tea cup and saucer with alcohol ink, and make summertime treats. On the last day it's Tea Party time, get to eat the treats you made and drink tea from a fun cup that you decorated.

1st – 8th grade | Amy Thompson

Hobbies/Career Exploration

Fire Academy

Think you have what it takes to be a firefighter? Find out in our fire academy. You will learn the skills it takes to become a firefighter. You will learn how to tie knots, how to control a hose stream, to do search and rescue with zero visibility, and at the end of the class you will take a physical exam similar to the one all firefighters must pass. Come join us and let's see what you got.

4th – 8th grade | Liberal Fire Department

Paint Pit Crew

Rev up your creativity in our Autobody Painting class! Kids will learn the basics of automotive painting, prep work, and custom design techniques while getting hands-on experience in a real shop environment. Perfect for future car enthusiasts and creative minds who love cool colors and shiny finishes!

4th – 8th grade | Bree Downs

Spy Academy

Shhh! This training is top secret! You'll learn how to break codes, sneak through mazes, sharpen your vision, and be certified as a real spy!

1st – 6th grade | Valerie Classen

Who Done It?

Channel your inner Sherlock Holmes as you learn the process of solving a crime hands-on! This class will go over the principles of a crime scene investigation, collecting and processing evidence, and interviewing suspects and witnesses to solve a crime!

3rd – 8th grade | Liberal Police Department

Music/Theater

Rhythm & Groove Lab

A fun, high-energy class where students use their voices, boomwhackers, bells, and body percussion to explore rhythm, make music, and move to the beat together.

1st – 3rd grade | Faith Clifton

Rhythm Rebels

Make some noise and bring the music to life! In this class, we'll play recorders, explore instruments, sing our hearts out, and bring creativity to the stage through theater and performance!

4th – 6th grade | Faith Clifton

Theater 101

Step into the spotlight in our Theater 101 class! Kids will build confidence, creativity, and stage skills through fun acting games, improvisation, and beginner performance techniques. Perfect for young performers who love to laugh, create, and shine on stage!

1st – 6th grade | Janie Kitch

Science

Science FUNtastic Adventures

Join this hands-on class where curiosity comes to life! Young learners will explore, create, and discover exciting scientific reactions while building confidence and having tons of fun. Get ready for messy, magical, and memorable learning moments!

1st – 3rd grade | Lanie Ramirez Pureza

Spectacular STEAM

Spark curiosity with this hands-on STEAM class designed to help kids explore science, technology, engineering, art, and math through fun science activities. Students will create art with chemical reactions, build a bridge with spaghetti and marshmallows, grow crystals, and compete in a balloon rocket race! They will be able to build and test various creations and

take them home. Get messy, have fun, and learn about the amazing world of science!
1st – 6th grade | Sarah Slifer

Recreation

Basketball

Dribble, pass, and shoot! This fun-filled class teaches kids the fundamentals of basketball through games and skill-building activities. Perfect for beginners and young players looking to learn and play as a team!
1st – 8th grade | Marquis McCray

Bowling

Strike up some fun this summer in our Kids College Bowling Class! Students will learn bowling basics, improve their skills, play exciting games, and make new friends—no experience needed. Get ready for laughs, teamwork, and plenty of strikes and spares!
1st – 8th grade | Tanner Denoyer

Fishin' with Z

Join this class to learn the different types of fish, tying fishing knots, baiting, and much more. Spend your time fishing! *Fishing poles are provided.*
1st – 8th grade | Nick Zimmerman

Pingpong Power: Train to Play

Stay active this summer with Pingpong Power! This high-energy class teaches table tennis basics like serving, rallying, and scoring – no experience needed. Students boost focus, coordination, and confidence while learning discipline and sportsmanship. Each session leads to a fun mini-tournament to compete and showcase progress!
4th – 8th grade | Ana Marie Suello

Soccer

Enjoy learning the game of soccer with Arlene Ruiz. This energetic class introduces students to the basics of soccer through fun drills, games, and teamwork. Great for building coordination, confidence, and a love of the game. No experience needed!
1st – 8th grade | Arlene Ruiz

Softball

Hit, throw, and score big in our Softball class! Kids will learn the fundamentals of softball through fun drills, teamwork, and exciting games while building confidence and sports skills. Perfect for players of all experience levels who are ready to have fun on the field!
4th – 8th grade | Lexi Honey

Swim for Beginners

Do you want your child to learn pool safety and how to swim at the same time? This course will incorporate teaching children swimming based on the experience level they already possess, as well as tips and tricks to stay safe in the water.
1st – 3rd grade | Addilynn Rodgers
